THINK
Expert

CaMLA, a joint venture between the University of Cambridge and the University of Michigan, combines the expertise of two world-class universities, each in its own right a leader in language assessment.

Together now as CaMLA, we are able to offer even more.

- More research to support quality test development.
- More exams in more places.
- More availability when you need it.

With CaMLA, you can count on an experienced, international, and responsive partner.
